Dear Mr. Jimenez,

For more than 40 years, Houston Media Source has been the beating heart of community storytelling in Houston — a platform where residents, students, artists, and aspiring professionals came to find their voices and share them with the world.

Today, HMS stands at a pivotal crossroads. Following the City of Houston's lease transition, we are not stepping back — we are stepping forward with a bold vision to reimagine community media for the next generation. And we believe Comcast is the right partner to help us get there.

Where Our Missions Align

- Youth & emerging producer development programs
- Digital inclusion and community media literacy initiatives
- Public arts, cultural storytelling, and civic engagement campaigns
- Creative workforce readiness and media career pathways

HMS is more than a media facility — it is proof that every community has a story worth telling. Comcast's commitment to connectivity and digital equity makes this partnership a natural fit. We are eager to explore how together we can strengthen access, opportunity, and creative voice across Houston.

We would welcome a conversation at your earliest convenience. Thank you for your time and your continued investment in the communities you serve.

With appreciation and optimism,

Jerold La Beaux

President, Houston Media Source · Board of Directors
